Dear Sr. or Madam,

Throughout the course of my career, I have honed my abilities in algorithm implementation and solutions deployment. I am an astute problem-solver capable of prioritizing and managing projects with proficiency.

In my previous role, I exercised skills in communication, observation and troubleshooting bugs and consistently contributed to team efforts and organizational improvements. I am open-minded and focused on new developments in my field. I have proven to be effective and motivational, with proficiency in collaboration and collaborative work. I enjoy brainstorming and coordinating efforts to achieve a common goal.

I would like to express my interest in the Backend Developer position. I consider myself an extremely quick learner and I look forward to the next challenge where I can leverage my skills and knowledge to contribute to a dynamic and collaborative team environment, whilst continually learning and growing as a developer.

I am confident that my dedication and work ethic will be a great fit for the team. Please take a moment to review my enclosed resume and accompanying credentials. I would appreciate the opportunity to speak with you regarding my candidacy for the Backend Developer role. I am looking forward to your response and thank you for your consideration..

Sincerely,

Rodrigo Bonelli
